

SMART DRIVING IN 'POLE' POSITION

Award winning Smart Group Recruitment Solutions is currently in the driving seat behind their new division, 'Smart Driving'. The division will provide driving and transport staff to the whole of the Dorset, Hampshire and Somerset regions with Dave Bailey heading it up.

Dave has a wealth of knowledge behind him with 14 years experience as a Transport Manager for a leading logistics company and was a branch manager within a specialist transport recruitment agency. This enables Dave to empathise with both clients and candidates alike ensuring expectations are exceeded on both counts.

Launched from the Chapel Lane office in Poole, 'Smart Driving' has had a flying start with interest from both candidates and clients alike, enabling Smart to meet all requirements with quality drivers from 7.5 tonne to LGV 1 drivers and everything in-between. Smart Driving also offer trucking, store deliveries, container work, general haulage and multi drop services.

Helen Stacey, Director of Smart Recruitment comments, "Smart Recruitment is renowned for professionalism and our pioneering approach to business – this is being mirrored by the Driving division. The division has had a very positive start and is well on its way to being an industry leader."
