

Clever appointment for Smart Recruitment

Award winning Smart Recruitment is pleased to announce the appointment of Rachel Blight to its dynamic team.

Rachel has been appointed as the new Divisional Manager of 'Smart Office' for West Dorset and Somerset, joining a company that is nationally recognised as being one of the best companies to work for in the UK¹. Smart Recruitment is the only Recruitment agency in Dorset to hold Best Companies star status and also holds 'Gold standard' REC membership, as well as being an Investor In People.

Smart Recruitment's significant achievements are something that attracted Rachel to the position, she comments, 'Having worked for over four and a half years in the recruitment industry, I have learned what makes a good team. It is of utmost importance to me to work in an environment that strives to provide the highest standards for both employers and candidates. This is the core reason I have joined Smart, I believe that an organised and happy team gives the best results.'

Rachel has a BA (hons) in Business Administration and achieved Managerial status at only 21 after attending a fast track management programme. In her previous positions she has worked as an Area Manager and helped her branch to win awards. In her spare time she can be found waiting by a kiln and painting ceramics.

Helen Stacey, Director of Smart Recruitment comments, 'At Smart we employ people who will work to encourage a culture of outstanding customer service and organisation. We are pleased to have added Rachel to our team and I am sure that her enthusiasm and people skills will be an asset to Smart Recruitment.'

¹ According to the Sunday Times Best Companies to Work For listings 2007
